To whom it may concern,

I am writing with regard to **Ernesto Bocini** from **University of Bologna** who was Highly Commended in the **Computer Science** category of The Global Undergraduate Awards Programme in 2022 for their entry, "*Outlier Detection for Multivariate Time Series: A study of Brain Scans in Neuroscience*".

The Global Undergraduate Awards (UA), established in 2008, is the world's leading academic awards programme with over 100 affiliated institutions of higher education. Under the patronage of President Michael D. Higgins, UA identifies leading creative thinkers and problem-solvers through their undergraduate coursework. Cited as the ultimate champion of high potential undergraduates, UA provides top performing students with the support, network, and opportunities they require to raise their profiles and further their career paths.

All entries submitted to The Global Undergraduate Awards are judged anonymously by an international academic panel of 500+ expert judges from some of the world's leading academic institutions. UA's stringent judging process is guided by our independent academic advisory board and our submissions criteria is publicly available on our website. This year, UA received 2,812 entries and **Ernesto** is recognised as being in the top 10% of entrants in the **Computer Science** category.

All Highly Commended Entrants are invited to attend the UA Global Summit 2022 in Dublin, Ireland, to meet, network, and collaborate. The Summit will be held on 7–9 November 2022 and the cost for attending is 595 euro. The conference includes addresses and panels of world-renowned speakers, academics, and potential employers, as well as a series of workshops designed to help students share research and begin their path after undergraduate study. This ticket includes a welcome reception, access to all events, and lunch on the days of the conference.
If you have any queries relating to the event or attendance please do not hesitate to contact me using the contact details below.

Yours sincerely,

Dr. Garret Maher
Executive Director
The Global Undergraduate Awards
